About

A visionary student leader, consistent top academic achiever, and certified IT professional dedicated to bridging the gap between the student body and university administration. Currently serving as the President of the Consortium of Data Enthusiasts (C.O.D.E.), with a proven track record of spearheading large-scale events, managing cross-functional teams, and fostering collaborative environments. Seeking to leverage extensive experience in executive governance, project management, and digital innovation to serve the NU Clark community as the University Student Council Chairperson.
